

Flex-Bolt™ Sandwich Mounts

Featuring: Small Sandwich Mounts
(Standard UNC Threads)
Small Sandwich Mounts (Metric Threads)
Medium Sandwich Mounts
Large Sandwich Mounts

LORD Flex-Bolt Sandwich Mounts are designed to protect equipment and machinery against damaging vibration. This family of mounts has excellent capacity for energy control.

Constructed with high-strength bonds and specially compounded elastomers, these mounts provide high load-carrying capacity and assure long life.

The simple design and unitized construction provide low-cost mounting systems which are compact, lightweight, easy to install and maintenance-free.

These mounts are available in three size groups to suit a variety of applications. Small Flex-Bolt Sandwich Mounts are available in metric and standard (UNC) threads.

Typical applications for Flex-Bolt Sandwich Mounts include business machines; motorcycles; heating, ventilating and air conditioning equipment; light motors; appliances; shipping containers; feeders; compactors; and vibratory rollers.

Features and Benefits

- Economical
- Compact and lightweight
- Easy to install
- Maintenance-free
- Three size groups: small, medium and large
- Unitized construction

Small Sandwich Mounts (Standard UNC Threads)
